NATURE:

An Image which depicts living, untamed animals, uncultivated plants in a natural habitat, geology and a wide diversity of natural phenomena from insects to icebergs.

Cultivated plants or animals which are domesticated, caged or under any form of restraint are ineligible.

Any manipulation or modification to the original image is limited to minor retouching of blemishes and must not alter the original scene.

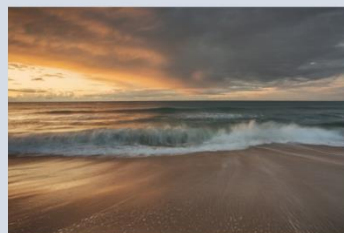

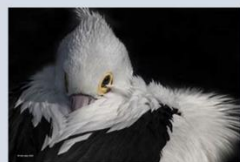

Minimal evidence of man in the image i.e. no fence posts, humans etc. in images

Images due at February workshop

Gippsland:

An image that has been taken anywhere in Gippsland.

Images due at April workshop

Maritime:

Any scene, object or event which can be associated with the sea. The sea itself must not be the dominant part of the image.

May include a lighthouse, jetty, boats, ships or an event, such as a regatta as the focal point.

Images due at June workshop

Reflections:

Where the reflections of a subject provide the centre of interest.

The reflection may be produced by water, windows, metal or another reflective surface.

Images due at August workshop

Long Exposure:

Camera shutter is left open during a short or lengthy period.

The resulting image captures the trail of moving objects in front of the camera, while showing stationary elements razor sharp.

Images due at October workshop

One colour focus:

The image may include subject noticed in real life and taken in full colour that tends to have an emphasis on one colour.

It can also include photos that are manipulated in a photo-editing program to become a black-and-white image with one other colour appearing in the photo (often called 'selective colour')
